

SAN LUCAS AND JESUSITA ISLAND

On this tour, we visit the famous Isla San Lucas that it was a prison many years ago. Which it has an exquisite natural beauty, variety of flora and fauna of the Central Pacific, this is one of the majestic islands full of historical memories, inspiration for one of the most famous literary works of the world, "The Island of the Lonely Men" written by José León Sánchez, (ISLA SAN LUCAS). When we Arrive at Isla San Lucas we will walk through the old facilities to know its history, and you will know the details of the times of the penal colony, and see the houses built for that period for the less dangerous inmates to share up to a week with their wives and children and listen to the interesting and surprising history, by our specialized guide, which contains such magnificent island.

Then we continue to Jesusita Island. On the way, we can watching endemic birds on the Bird Island. Arriving at Isla Jesusita we can walk on the trails of the island, use the facilities and enjoy a delicious lunch and then at the end of the day we return back to San Jose.
